Dear Dave,

First of all, Tan and I extend to you and through you to the NZCFS Conference 2014 our warmest congratulations!

It has been a year since my Chinese-English poetic album *The Beauty of New Zealand* was successfully launched at last year's NZCFS conference at the University of Canterbury. As agreed by Director of the Chinese Herald Mr Raymond Chen and myself, its profit will go to the NZCFS to support the friendship cause between China and New Zealand. I am delighted to let you know that the book has been well received and besides the many free copies sent to important visitors from China and Kiwi dignitaries from all walks of life, a net profit of \$7270.00 has been made after deducting all the expenses including tax. Most important of all, it has contributed to the promotion of not only New Zealand, its natural beauty, the beauty of her people best represented by Rewi Alley, but also the China-New Zealand friendship cause -- our common spiritual bond. With great honour I herewith present you with \$5,000.00; the balance of the profit will be kept for the book's revision and reprint. Because of my special links with Canterbury, Rewi Alley's hometown, may I request that a portion of the contribution, the amount of which to be decided by the NZCFS National Executive, will go to the Christchurch Branch of the NZCFS.

Taking this opportunity, I wish to make special acknowledgment to all the friends, generous sponsors and supporters who made my humble ambition possible, especially the following:

Dear Dave and colleagues of the NZCFS, the friendly cooperative relationship between China and New Zealand is at its best stage and the contribution of the NZCFS has been deeply appreciated. I strongly believe that as our two countries' cooperative ties grow even closer, the role of the NZCFS is also on the rise. For that I will continue to play my humble part: To enrich and reprint The Beauty of New Zealand so that it will help attract more attention not only to the beauty of New Zealand, but also to the great cause of the NZCFS -- promotion of the friendly and cooperative ties between our two countries. For that I need your continuous support, direct or indirect, physical or spiritual!

Finally, I wish the NZCFS National Conference 2014 a great success!

Yours,
