REWI ALLEY

Rewi Alley's sixty years' work for the people of China has made him one of the most famous New Zealanders and one of the most revered foreigners in China. In 1997, to commemorate the 100th anniversary of his birth, his niece, Philippa Reynolds, wrote his biography. The book, in English, was an easy 96 page read and included fifty black and white photographs.

As a child, the author knew Rewi as the unusual uncle who lived in China and occasionally visited home. She has thoroughly researched his papers, letters and diaries to bring a very personal approach to Rewi Alley's life story.

2017 is the 120th anniversary of his birth, the 90th anniversary of his going to China and the 30th anniversary of his death in Beijing. To commemorate these various anniversaries the Christchurch China Sister Cities Committee, as the publisher, plans to re-publish his biography. The updated edition will be in English and Mandarin. To maintain authenticity, it will be as the author wrote it, with the addition of many colour photographs.

This new book will allow New Zealanders and the people of China to learn of Rewi's life and achievements, his philanthropy, his educational philosophy, his collection of cultural artefacts and his contribution to China-New Zealand relations.

The book will be published in hard cover to a very high standard. It will be most suitable as a corporate gift, a coffee table book or as one to own for posterity. We invite you to complete the order form to secure a supply of the book at the prices quoted and before it is available at retail outlets. We anticipate supplying your order in April 2017.
